LAMENT OF THE LEFT.

I'm glad I ain't elected; glad they didn't put me in;
I'd never run if I'd a thought I had a chance to win;
You see, I couldn't spare the time the office 'ud demand
Because of all the private kinds of bizness I've on hand—
So let the other fellow have the "honor"—
I don't care—
But I'd a got there all the same if they'd 'a counted fair!
I'm glad I ain't elected—glad I'm out of it and free,
Instead of havin' heelers come in droves to pester me!
Let them that likes such "honors" have the worries and the cares,
I can always make more money 'tendin' to my own affairs,
But I want it understood that I'd a won without a doubt
If the crooks and bums and gangsters hadn't thrown my ballots out.
I'm glad the trouble's over—glad the mud has all been thrown—
Glad I'm not somebody's puppet—glad my soul is still my own!
I'm glad my hands are clean and that my conscience ain't upset—
Glad I've got no cares of office—and I'll beat that shyster yet!
I didn't want to run, but there was no one else would do,
And the other fellow's boodle was the thing that pulled him through!
—S. E. Kiser.

Washington has a well-developed epidemic of measles, according to a gentleman from that ancient precinct. He stated to a Ledger man this morning that out of a population of 192 children 178 were down with the measles. He also stated that the colored people are getting very angry because the cases are not isolated, as they say that when the colored people had the same disease last year it was smallpox, and now that the white folks are in its grasp it is measles.

UP TO DATE.

Colonel Stairs Takes a Day Off and Writes These Truths.

Colonel Sam Stairs of The Dover News was very busy the other day, when the telephone bell rang, and a question came wiggling along over the wire desiring to know how many Maysvilles there were on earth.

Grabbing up Uncle Sam's big directory, he scanned it, found out for the inquirer, and then took time by the forelock, told the Devil to go out and have a balloon ascension while he wrote the following:

It is quite interesting to take the names of the towns in our own county and note how many there are in the United States of the same name. The result is quite surprising.

For instance, there are thirty-two towns named Dover. The largest, Dover, N. H., had a population of 12,750 in 1890.

There are only eleven Maysvilles in the country, Maysville, Ky., being the largest.

There are six towns called Tuckahoe, the largest being a town of 1,750 population in the state of New York.

There are forty Washington towns, many of them quite large, with the capital of our Nation decidedly the biggest baby in the bunch.

There are only seven Minervas, Minerva, O., being the largest.

Nineteen Howards, with Howard, Ky., not reported in 1890.

There is only one Moransburg in the United States, and we have it tucked away up on Lawrence creek.

Ten towns are named Germantown, with Germantown, O., in the lead as to population, with our Germantown second.

There is only one Fernleaf and that is the pretty little cross-roads town on the Maysville and Germantown pike.

The only Mayslick in the world is our pretty little inland town.

Sixteen Helenas, the largest in Montana, it being the county seat of two counties.

Just one Murphysville—that's all.

Three Orangeburgs, with the one in South Carolina the largest.

There are fifteen towns named Sardis, with our own Sardis second on the list. Of the surrounding towns in other counties and states we find in 1890, twenty-three Augustas, twelve Ripleys, two Higginsports and two Levannas.

There are over six hundred towns and cities beginning with the word, "North," and five hundred and fifty beginning with "South," six hundred and twenty-six beginning with "East" and eight hundred and thirty-three beginning with "West." Six hundred and ninety begin with "New," four hundred and seventeen with "Mt." and three hundred and sixty with "St."

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHERRY & Co., Toledo, O. Sold by Druggists. Hall's Family Pills are the best.

For all pulmonary troubles Ballard's Horehound Syrup, taken in the early stages, proves a certain and sure specific. It is equally effective in croup and whooping cough, and if used in season prevents further development of consumption. Price, 25 and 50 cents. J. Jas. Wood & Son.

Flemingsburg Times-Democrat: "Last week, when M. D. Campbell came up from Shannon, Mason county, to survey and take possession of the 107 acre farm he bought some time since through the Fleming County Real Estate Agency of John N. Lee, he found that Lee had changed his mind and wanted to keep the farm, and Campbell agreed to accept \$100 and call the trade 'off.' He then bought the 70 acre farm of Will. Quaintance on the South side of the Elizaville pike, in the same agency, for \$1,000, possession to be given March 15th."

Question Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion or biliousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart Failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. For sale by J. C. Peacor.
